

'JOCK'S WAGGIN' TONGUE

Vol. 4 Thur August 22 No. 33

Jock McIntyre, Editor

CROP REPORT

Harvesting is general and yields are much better than anticipated. There will be one and a half million bushels at this point easily. Grade is the top in nearly every case.

Albert Orcutt, Ed Ellison, E. Granlin, K. Vaage are all recent purchases of Mc Drg 1 1-2 x2 1-2 H. P. engines.

No. 9 soft black bin wire sure we have it in stock. Don't delay too long this is one item that may scarce.

We hope that when Champion farmers get their first proceeds from this years crop that they will not forget the local merchant who, when all other sources failure, extended credit for harvest purposes. Be a good duck and take care of your (local) bill.

While its hard to believe Fred Watts informs us that Pete Patterson is shovelling wheat. That's the story and you will have to form your own conclusions.

For those who are fortunate and have their own canning outfit we have in stock No. 2 and No. 2 cans and lids.

Bud Siler was called on to pitch in the last game at Stavelly on last Sunday and he sure stood the batters on their heads.

The Findlay Condor Range gleaming with porcelain enamel and chrome trim add beauty to any kitchen. Check over the cuts of older models at reduced prices

Now that you are personally registered, don't forget your fire arms. The last day is Sept. 15th.

Dan Harper is in town today; stick around Dan we are going to have some good shooting this fall.

Home Town Boy Hits His Stride

Champion's one time third baseman is making a name for himself or rather upholding the already established record of one of the hardest hitting ball players in Alberta. He is none other than unbeatable Dick Latiff.

In a recent game between Ponoka and Wetaskwin, Dick turned the tide of the game by driving a long home run and a line drive later on in the game to bring the benchers to their feet and win a close game for his team.

Dick although a star on third with a powerful wing was 'not so hot' as a pitcher he actually scared a game out of Leth-bridges' bag a few years ago by his round house curves and wild balls. This home town lad surely had the steam but his control is what was never brought into conversation by his admirers.

Few of the old ball fans or players will ever forget the games when Dick took his place in the field and sent those short grounders nothing short of in flames over to first. Dick who is only twenty-two years old now and has been playing senior ball since he was four teen will some day hit the big stuff if he plays this class of ball and improves in the next seven years as he has in the past seven.

Birthday Party On Friday Last.

Mrs. Gordon Stewart entertained on Friday last for her daughter Ruth who on this occasion was celebrating her ninth birthday.

A large number of her little friends were presented and Ruth received numerous gifts from her guests.

Games were played and the guests were then seated to a dainty table of lovely seasonal refreshments.

ANGELICAN CHURCH

CHAMPION
Anglican Church Service
at 3 p. m. Sunday August 25
in the Community Hall
Canon Winter.

We as citizens of Champion and district should remember our local merchant this fall. He should be helped establish his credit with the wholesaler and in turn establish our credit with him. In other words he may not be able to extend a loan if he cannot pay his wholesaler.

In Times Like These

Believing as we do, that the forces of Right will triumph only with the assistance of a Higher Power, vouchsafed in answer to humble prayer, The Chronicle offers a prayer for the week. It is hoped that readers, wherever you are, will join in this prayer.

O Lord God Almighty, who art the Supreme Ruler and Governor of all things, guide, we pray thee, our King and all those to whom Thou hast committed the government of our nation and empire; and grant to them at this time special gifts of wisdom and understanding of council and strength; that upholding what is right, and following what is true, they may obey Thy holy will and fill Thy divine purpose.

Harvesting Under Way in Champion

Harvesting is well under way in the surrounding districts. Some farmers have hauled until their first quota of five bushels to the acre is in the elevator. The problem of storage is the greatest worry now. Every building that will possibly hold wheat is pressed into service. Unused barns garages old hen houses etc. are scraped and cleaned and equipped with new flooring to be utilized for storing grain.

There is a demand for men with the good strong back to shovel grain. Farmers have employed all the young boys in their teens on combines. The wages are the same as last year in most cases but some were looking for a substantial raise over the average day wage of last fall.

The weather so far has been ideal but many a farmer has looked for cloud then looked for a piece of wood to tap on the last couple of days hoping and praying for continued fine weather.

May Be Excused From N. P. A. M. Camps

With the N. P. A. M. Camps being held in September and draftee camps in October the rush is even more feverish. The boys want to finish work before going to camp. How ever the Colonel advised us on Monday night that those who were unable to attend this camp in September should write a letter asking to be excused from the camp until harvest is complete. Should the proper authorities see that the applicant has a valid reason he may be excused. This letter should be presented to Sergeant Munro at the earliest possible date so that he in turn may forward it to his superior officers.

Mr. and Mrs. Alex Renaldi and Robert are visiting in the Pass From there Mrs. Renaldi and Robert will go to Pendiction, B. C.

- Editorial -

CHAMPION TOPS THE LIST

With the crop in Champion estimated to be 1375000 bushels there is no question but that the district's chief is agriculture and that whatever reduction in rating wheat has on grain exchange a community that can boast of a Million Bushel crop is still tops in the advertising world. Despite the difficulty of the farmer, due to low prices, this area in the province is one of the richest in Canada.

We fully realize the task which the government have when they try to sell the surplus crop on a steadily declining market. Increasing the bonus to the farmer is not a solution, in our humble opinion. It will aid of course for as money is put in the farmer's hands a greater purchasing power will be created. But that still is not the solution. Sending petitions to the government will not end the plight of the farmer.

We are fighting a war for the preservation of our freedom and the best brains of the state have been put to work. Only a few of us have been privileged to see the transformation which has taken place in our industrial life during the past few months. The Chronicle is of the opinion that if the same energy was placed in the fighting of our economic enemy there would be a different picture in Canada today for the farmer.

In the meantime let us be thankful for such a bountiful harvest and be prepared to Carry On.

Many times motorists pass up one of our uniform-lads on the roads. After all he is about to fight for our freedom and it may be the least we can do to help him over a rough spot. There has been boys given last leaves to go home and see their mothers and fathers and find themselves broke with no alternative but to hitch-hike. So give them a break and help them on their way.

Storage Problem Great In Alberta

Most farmers will find it necessary this year to hold back more wheat on their farms than usual until next spring or summer. Some farmers have bins now in good shape, or which can be repaired. Other farmers may prefer to construct new bins. Still others may decide to construct temporary storage of sides made of lumber or of wire fencing, or of wooden snow fencing, lined inside with thick tar paper. These temporary bins are usually built without a roof and have simply a layer of straw for the floor. (This open storage should hold grain undamaged until the rainy season starts in the following spring.)

A cheap method of farm storage for those who use binders would be to go back to the old method of stacking. This adds one more operation, but many farmers who will stack think that the extra grade resulting by stacking making up for the extra cost of the work.

Whatever method of storing is used on the farm, the bins or stacks should be securely fenced off to stop animals not only can break down the boards of a granary, but can injure themselves by eating too much grain. Fire-guards should be ploughed around the storage places to protect them from prairie fires. The grain should, if possible, be insured.

**Wheat Restrictions
Moderated in West**

Effective last night the C.P.R. has advised their agents to permit a total of 150 cars for Manitoba, 25 for Saskatchewan and 25 for Alberta, and the C.N.R. will permit total of 80 cars for Manitoba, 80 for Saskatchewan and 40 for Alberta to be loaded daily for shipment to lakehead, including wheat, oats, barley, rye or flax. This relaxes the embargo on wheat to some extent, and it is understood cars are to be ordered in the usual manner and can be loaded subject to Wheat Board quotas in cases of platform and consigned cars.

The Champion Chronicle
Champion, Aug 20 1940

Dear Subscriber;

At this time we are appealing to you to remember us with a renewal of subscription.

You have, we trust, received this paper without fail for the past year. On our part we have continued the service to you feeling that you appreciated same and would repay us just as soon as it is convenient. We are depending upon your co-operation in paying this small account.

You would not expect the Lethbridge or Calgary papers to carry you and while the same Post Office and Agency regulations apply to the weekly we have, in your case, contrary to rule, extended credit. We were happy to be able to do this for you, for we know you in more intimate way than does the daily paper which serves you.

If it is not convenient to pay your full amount owing any amount be appreciated. the balance to be paid later.

The value of the weekly press has been recognized by the Government of Canada and also in the old land as an instrument of the war. We are trying in our own small way to 'serve' on the home front by maintaining this weekly newspaper. Your co-operation in this matter will help us to more effectively carry out our purpose.

Yours for service
